FOR IMMEDIATE RELEASE:

Codejock Releases ToolkitPro and SuitePro 2011 for Visual C++ and ActiveX

This release introduces many new features, controls and enhancements including Office 2010 style backstage view, Office 2010 blue/black/silver theme support for most controls, Visual Studio 2010 theme support and an Expandable ShortcutBar .

New components included in this release are Xtreme Chart Pro and Xtreme Flow Graph. Some of the chart styles available are Area, Bar, Bubble, Candle Stick, Line, Fast Line, Funnel, Pyramid, Gantt, High Low, Pie, Point, Range Bar, Spline Area, Stacked Area, Stacked Bar, Stacked Spline, 100% Stacked Bar, 100% Stacked Area, Side-by-Side Stacked Bar, Scatter Line, Step Line, Stacked Spline Area, Doughnut, 3D Pie, 3D Doughnut, 3D Torus, 3D Pyramid and Rotated Bars with many more chart styles to come.

MORRICE, Michigan, February 8, 2011 – Codejock Software, a leading provider of modern user interface components, today announced the release of ToolkitPro 2011 v15.0.1 for Visual C++ MFC and SuitePro 2011 v15.0.1 for ActiveX COM.

Some highlights from this release include:

Backstage View: The Office 2010 style backstage view replaces the traditional File menu to better organize critical tasks related to the document so that they are no more than a few clicks away. Simply click the File tab again to return to your document.

Backstage Button and Separator Controls: Backstage button and Separator controls have been added to help you create your Controls Pane in the Backstage View.

Office 2010 Theme Support: All components now have Office 2010 blue, black and silver theme support.

Visual Studio 2010 Theme Support: Visual Studio 2010 themes added for CommandBars, DockingPane, TaskPanel and Propety Grid.

Expandable ShortcutBar: The ShortcutBar now includes Office 2010 style expanding/collapsing. This allows the shortcut bar to become minimized into a navigation pane.

Chart Control: Codejock Software's Xtreme Chart Pro provides Windows developers with a sophisticated charting library that supports most of the popular chart styles used today. Virtually every development platform for Windows is supported.

Over 20 2D and 3D Chart Styles: Includes Area, Bar, Bubble, Candle Stick, Line, Fast Line, Funnel, Pyramid, Gantt, High Low, Pie, Point, Range Bar, Spline Area, Stacked Area, Stacked Bar, Stacked Spline, 100% Stacked Bar, 100% Stacked Area, Side-by-Side Stacked Bar, Scatter Line, Step Line, Stacked Spline Area, Doughnut, 3D Pie, 3D Doughnut, 3D Torus, 3D Pyramid and Rotated Bars charts with many more chart styles to come.

Multiple Diagram Charts: The chart allows multiple diagrams of varying styles to be displayed in the same view horizontally or vertically.

Zooming and Scrolling: The chart control allows you to zoom and scroll charts. This makes it easy to see data points in a chart that has thousands of points. To zoom, simply make sure the chart has focus and then use the mouse wheel.

Chart Builder Utility: Includes a Chart Builder application for easy WYSIWYG chart creation that allows you to customize the colors, etc. and export them to an xml file that can then be loaded into the chart control.

Flow Graph Control: The Flow Graph control is a graphing control used to display relationship graphs. This can be thought of as a relationship diagram commonly used to display the relationships for a relational database.

A complete list of all new features can be found in the release notes for each product located on the company's website, www.codejock.com.

About Codejock
Codejock Software, a division of Codejock Technologies, LLC is based in Morrice, Michigan and provides reusable software components to enhance the user interface of Windows Desktop Applications. Codejock components help to facilitate rapid software development using Visual C++ MFC, ActiveX COM and .NET technologies. Codejock is committed to helping software developers realize their goals with modern interface components, superior customer service and technical support. Codejock's products and evaluation versions are available for download on the company's website, for more information visit www.codejock.com.
